for NYSID Members
and Corporate Partners

EMPOWER INDIVIDUALS AND ORGANIZATIONS TO GROW, INSPIRE AND LEAD!

New York State Industries for the Disabled, Inc. (NYSID) strengthens its membership through a robust Training & Information Program (TIP) of relevant, dynamic strategies and business information.

TIP sessions emphasize change through process improvement, leading to more effective employees and stronger organizations. The event calendar is continually updated to reflect current Preferred Source marketplace issues and changing concerns for NYSID Members and Corporate Partners.

Sessions, training materials and refreshments are provided at no charge to registrants as a benefit of NYSID membership.

TIP has supported the professional development of NYSID's Members since 2001 so that we are better together in creating jobs for individuals with disabilities.

TIP ESSENTIALS:

- Sessions, training materials and refreshments are provided at no charge to participants.
- Sessions are held at NYSID's corporate headquarters in Albany and at convenient locations across the state, focusing on member locations.
- The training calendar runs annually from February-November. Most sessions will be scheduled as a half-day morning or afternoon training.
- Presenters are experienced industry or labor professionals, including NYSID staff.
- Course offerings are listed at www.nysid.org, including detailed registration guidelines. To get started, you must create a TIP profile to access the calendar and then register for specific courses.
